

# Hydrosense Partner Discounts Overview

Here is a breakdown of the discounts our partners can enjoy as they grow their Hydrosense business.

- ✓ The more you order each month, **the higher the discount** you'll achieve.
- ✓ This a guide only, **you can order a combination of test kit types**, for example, a mix of single test kits and industrial test kits – depending on the value of the order the relevant discount will be applied.
- ✓ Periodically our partner accounts are reviewed and if partners do not maintain their monthly order volumes, we reserve the right to reduce their discount level accordingly.
- ✓ The whole **Hydrosense team are here to support our partners** to maximise the growth potential in their regions because we believe that if you win, we win too.
